PROHIBITION TO GO ON TRIAL BEFORE A JURY

MOST EXTENSIVE OFFICIAL INQUIRY BY THE SENATE

SENATOR EDGE, LEADER OF THE
BEER BLOC, IN ANNOUNCE-
MENT

100 WITNESSES INCLUDE EDU-
CATORS, PREACHERS, LAW-
YERS, DOCTORS, ETC.

By PAUL R. MALLON

(United Press Staff Correspondent)
Washington, Feb. 5.—Prohibition
will go on trial before a jury of the
senate judiciary committee about
Feb. 24, in the most extensive official
inquiry since inauguration of the
law, Senator Edge, New Jersey, re-
publican, and leader of the congress-
sional beer bloc, announced today.

Nearly 100 witnesses including
educators, preachers, lawyers, phy-
sicians, legislators and leaders of so-
cial uplift from all parts of the coun-
try will submit the evidence upon
which wets intend to base their plea
for 2.75 per cent beer.

Highest officials of the govern-
ment in charge of prohibition en-
forcement also will be summoned to
tell how the law is working out.

First witnesses will be members
of "the facts" committee who gather
on George Washington's birthday to
discuss facts among themselves.

Exact date has not been fixed for
the hearings, but they are expected
to last six weeks.

The inquiry is expected to go not
only into the question of light wines
and beer but into every question of
the prohibition issue. It is custom-
ary under senate etiquette to permit
the author of the bill, with reason,
to judge the scope of his inquiry.

TRUNK HIGHWAYS IN FAIR SHAPE

Minnesota trunk highways as a
whole are in fair or better condi-
tion today, but icy and slippery, as
reported in the Friday bulletin from
the state highway department.

Three comparatively short routes
and sections of three others are
snow-blocked. These are T. H. No. 9
between Rushford and Lanesboro
and Spring Valley and Austin; T.
H. No. 11 between Orr and Ray; T.
H. No. 20 between the state south
line and Canton, and the three en-
tire routes, No. 42 between Kellogg
and Rochester, No. 43 between
Winona and Rushford and No. 59
from the state south line through
Spring Valley and Rochester to Lake
City.

Here follows the bulletin giving
conditions as of today on the 7,000-
mile system of "Babcock roads" marked
with official numbers on yellow
stars:

T. H. No. 2—Duluth, Brainerd,
Wadena, Detroit and Moorhead—264
miles—Duluth, good—Cromwell, fair—
Aitkin, good—Wadena, fair—
Moorhead.

T. H. No. 18—Elk River, Milaca,
Garrison and Brainerd—102 miles—
Fair.

T. H. No. 19—Brainerd, Walker
and Cass Lake—97 miles—Generally
good.

T. H. No. 27—St. Cloud, Little
Falls and Brainerd—66 miles—St.
Cloud, paved—Belle Prairie—fair
25 mile detour—Brainerd.

FALLEN BANKER SAYS HONESTY IS BEST POLICY

Chicago, Feb. 5.—(UP)—Edwin
Sylvester, former city treasurer of
Plainview, Minn., once president of
the Plainview State Bank and a de-
acon of the Plainview Christ Church,
is convinced that honesty is the best
policy.

In custody of police of Plainview,
Sylvester today started back to his
home town to face charges of em-
bezzling \$100,000 from the bank of
which he was president for 23 years.
He fled the city last February.

"Just look at me," he said, "Once
I was respected and a power in the
community. Dishonesty does not
pay."

Sylvester was working as a gar-
dener in Biloxi, Miss., when arrested.

St. Paul, Feb. 5.—(UP)—A man with
one eye can be a machinist just as
well as he could become a trombone
player, the state supreme court ruled
today.

The ruling was made in the case of
Millard Tibbitts, who lost an eye while
working for the E. G. Staudt Manu-
facturing Co. He said his injury made
him unable to continue working as a
machinist and asked the industrial
commission to have him trained as a
trombone player.

The commission decided he was still
able to work as a machinist and the
supreme court upheld this verdict.

May Force Night Sessions to Pass New Tax Bill

SETS FIRE TO HER WHEN SHE KEPT CELLAR KEY

Brooklyn, N. Y., Feb. 5.—(UP)—
Because she would not give him
the key to the cellar, Vincent
Cantani today poured gasoline
over his mother-in-law, Mrs. Con-
cetta Gennusa, 70, and set fire to
her. When police arrived Mrs.
Gennusa's clothes were in flames
and her grandchildren were at-
tempting to put out the blaze.
Patrolman Charles Haight rolled
Mrs. Gennusa in bed clothing and
she was taken to a hospital where
her condition is said to be critical.

WESTERN ROADS FIGHT DEMANDS FOR WAGE RAISE

MEETING OF EXECUTIVES IS
CALLED AT CHI-
CAGO

TRAINMEN AND CONDUCTORS
PRESS THEIR DE-
MANDS

Chicago, Feb. 5.—(UP)—Western
railroad men today gathered their
forces to fight demands of some of
their men for increases in wages. A
meeting of executives has been called
to register their opposition to the
demands.

General chairmen of the Brother-
hood of Railway Trainmen and the
Order of Railway Conductors already
have notified a number of the west-
ern roads that they were prepared
to fight for increased pay.

Other organizations are expected
to follow. Preliminary to tomorrow's
meeting, Slason Thompson, chairman
of the bureau of railroad statistics,
issued a statement intending to show
wage increases were not justified at
the present time. The average pay
of railway employees is now 115 per
cent higher than in 1913, Thompson
said, whereas the cost of living is
only approximately 65 per cent higher.

The cost of living does not justify
an advance and railroad revenues
cannot stand the gain, Thompson's
statement asserted.

It listed extensive figures in de-
fense of the claim.
"When it is seen that the net
railroad operating income in 1925
was only \$1,315,000,000 and this
net result was obtained only through
drastic economy involving an expendi-
ture of over \$3,154,000,000 new
capital, there is occasion for a signal
of relief but none for extra-
vagance."

"There is nothing phenomenal
about railway traffic in 1925 except
the economy and efficiency with
which it was handled."

SILK STOCKINGS FOR MULES AND CAMELS OF DESERT

London, Feb. 5.—(By mail to
United Press)—Silk stockings for
mules and camels in Algeria are be-
ing bought by Mrs. Hosall, humani-
tarian worker. Mrs. Hosall said
cast off hose are good for bandages
to guard animals from fly bites.

FORMER BANKER OF DULUTH IS BOUND OVER

GEORGE W. LORENCE FORMERLY
WITH PEOPLES STATE BANK
OF DULUTH

WAIVES EXAMINATION, BAIL IS
PLACED AT
\$25,000

Duluth, Minn., Feb. 5.—(UP)—
George W. Lorence, former cashier
of the People's State Bank of Du-
luth, late yesterday was arraigned
in municipal court on a second
charge of grand larceny involving
\$1,650 of the bank's funds. Lorence
was bound over to district court on
\$25,000 bail, after he had waived
examination.

In January Lorence was arraigned
on the first charge which involves
\$7,500. The bail of \$25,000 set at
this hearing was not secured by him
and the former banker has been held
in jail since. The People's State
Bank was closed Jan. 26 by order of
the state banking commissioner.

On the day of the bank's closing,
Lorence signed a confession in the
presence of Assistant County Attor-
ney Harry Boyle, and several wit-
nesses, admitting he had taken
\$120,000 of the bank's funds.

TERRIFIC STORM HAS DEATH AND DISTRESS IN WAKE

GALE WHIPPED EASTERN SEA-
BOARD FROM GEORGIA
TO MAINE

FURY IS SPENT, BUT COASTAL
SHIPPING IS STILL EN-
DANGERED

New York, Feb. 5.—(UP)—The
terrific storm which for 24 hours
whipped the eastern seaboard from
Georgia to Maine is passing out to
sea, leaving in its wake death and
distress. Although the fury of the
blizzard is spent, coastal shipping is
still imperiled, hundreds of cities
and villages are banked with snow
and continued cold causes acute dis-
comfort along the North Atlantic.

Close to 30 deaths are attributed
to the storm. Of these eight came
at sea when towering waves assailed
three helpless barges. Nine persons
died from accident and exposure in
the metropolitan area and several
others in nearby districts. Eight
workmen died and 11 were injured
when a factory building at New Brit-
ain, Conn., collapsed from the
weight of snow on its roof.

Several epics of the sea were writ-
ten as coastguards and volunteers
rescued those aboard craft left to
the mercy of the waves.

Three men were snatched from
death a moment before a barge gave
way at Asbury Park, N. J., two of
them only to die on the way to
shore.

After an hour's long fight eight
officers and men were taken from
the schooner Kenwood which found-
ered with a heavy load of lumber
near Boston.

STREAM POLLUTION DISCUSSED AT DETROIT, MICH.

Detroit, Mich., Feb. 5.—(UP)—
Speaking on stream pollution, Har-
rison P. Eddy, consulting engineer
of Boston today told delegates of the
Michigan engineering conference
that "it is becoming recognized some
degree of pollution must be allow-
ed."

Eddie urged toleration, declaring
that while methods are known for
treatment of municipal and indus-
trial waste "sorm run off" presents
a problem for which no method has
yet been devised.

William Gore, engineer of Toron-
to, likewise declared "it seems nec-
essary to allow some pollution, but
urged extreme care in application of
the compromise."

At previous meetings of the con-
ference speakers discussed the low
water levels in the Great Lakes.
While John R. Freeman, consulting
engineer of Providence, R. I., held
the depletion mainly due to the pow-
ers above, L. G. Sabin, vice president
Lake Carriers' association, question-
ed Freeman's cycles of high and low
water.

Freeman estimate the lake levels
are about due for an upswing from
natural causes and said the level
could be still further raised by regu-
lating works.

Sabin however stated his organiza-
tion would not favor placing un-
necessary obstructions in the way of
navigation.

STRANGE LOVE PACT OF BOY, GIRL OBSERVED

Columbus, Ga., Feb. 5.—(UP)—A
strange love pact in which two lov-
ers marked off their graves in a small
cemetery near here was revealed fol-
lowing the burial of Miss Anna Lee
Welch, 22, and O. T. Chalkley, 18.

Using a stick the youth had marked
their names on the ground as a
means of designating where he wish-
ed to be interred and signed his
initials there.

Alongside that space lines had
been drawn by the toe of a shoe and
their appeared the initials of the
girl.

The bodies of the pair was found
in an automobile. The coroner said
indications were that Chalkley had
killed the girl and then himself. The
families of both had objected to their
marriage.

ROBERT MANTELL, ILL., CANCELS ENGAGEMENT

Calgary, Alta., Feb. 5.—(UP)—
Sudden illness forced Robert B. Man-
tell, well known Shakespearean
tragedian, to abandon his presenta-
tion of "King Lear," here last night.
Upon examination physicians an-
nounced today that Mantell's con-
dition is not serious and it is antici-
pated he will be able to appear in
his stage role tonight.

MR. BEER AND MR. WINE RUN FOR CONGRESS

Chicago, Feb. 5.—(UP)—Mr.
Beer and Mr. Wine will run for
congressman at large from Illi-
nois, if a plan proposed by Chi-
cago democrats favorable to mod-
ification of the Volstead law, is
carried out.

Candidates with the names of
Beer and Wine actually are pre-
paring to enter the congressional
race, A. J. Cermak, president of
the county board and a leading
democratic politician, disclosed.
He declined to give the full names
of the prospective candidates.

"Candidates with such popular
names are sure winners in Illi-
nois," Cermak said. "Furthermore
we have investigated these men
found them capable, honest and
sincere."

Chicago's telephone book lists
seven by the name of Beer and
four Mr. Wines.

COMPENSATION BOARD AIDS MINER FAMILIES

FAMILIES OF 19 MEN KILLED IN
MINE BLAST TO GET
AID

Pittsburgh, Pa., Feb. 5.—(UP)—
The families of the 19 men killed in
the explosion of the Horning Mine
of the Pittsburgh Terminal Coal Co.
will receive allotments from the
state with little delay, it was an-
nounced today as the compensation
board began its session.

Thirty-one children were left father-
less by the blast. More than 20
members of the rescue teams were
overcome by black damp and forced
to leave the mine during the night.
They reported the flames had gained
headway and only the sealing of the
wall would smother the fire. The
bodies of 16 men are still entombed
in Mine No. 4 of the Pittsburgh Ter-
minal Coal Co.

CHICAGO NUN WINS CONTEST FOR BEST HYMN

SISTER MARY OF THE ANGELS
COMPOSES "THE NATION'S
CONSERVATION"

OVER 3,000 ENTRIES WERE RE-
CEIVED FROM ALL OVER
THE WORLD

Chicago, Feb. 5.—(UP)—Sister
Mary of the Angels, a Chicago nun,
has won the international contest
for the text of an official hymn to be
sung by the 1,000,000 pilgrims to
the 28th International Eucharistic
Congress. Sister Mary's parents,
Dr. and Mrs. John H. Simon, live at
St. Louis.

"The Nation's Conservation" is
the title of the winning hymn se-
lected from more than 3,000 entries
received from all over the world.

A similar contest for music for
Sister Mary's hymn was announced
today, entries to close March 5.

The text selected as second best,
came from Stella Niagara, N. Y., and
was signed M. C. O. S. W.

Sister St. Edwin of St. Joseph's
Seminary, Kanakee, Ill., was third.
Honorable mention was awarded to
the Rev. Thomas Thwaites, Mexico
City, Sister A. Sisters of Notre Dame,
Lowell, Mass.; Mrs. Julia Agnes
Carey, Hoboken, N. J., and Sister
Margaret, Immaculate Heart high
school, Hollywood, Calif.

MALE FLAPPERS AFTER COLORED SHOES, NUDE SHADE

Chicago, Feb. 5.—(UP)—Male
flappers will go in for colored
shoes this spring with a nude
shade taking first honors, shoe
dealers here announced.

The nude shade has been
brought out in California and Flo-
rida and by spring will have in-
vaded the rest of the country, the
dealers claim.

Outing shoes trimmed in red and
green also will be in vogue, ac-
cording to the forecast. Other
colors will be introduced as the
weather warms up.

EPISCOPALIAN CHURCHMEN IN ARGUMENTS

VOLSTEAD ACT IS TOPIC OF CON-
VERSATION
HELD

SOME DEMAND MODIFICATION,
OTHERS ENFORCE-
MENT

Chicago, Feb. 5.—(UP)—Episco-
palian churchmen of this area are
engaging in a spirited exchange of
arguments over the Volstead act,
some demanding modifications and
others urging uncompromising en-
forcement of the dry laws.

The tempest was started by the
expression of the Protestant Episco-
pal Church Temperance Society for
modification of the Volstead act.

Commenting on the declaration of
Dr. James Empringham, national
secretary of the Temperance society,
that the law must be modified, Rev.
S. M. Griswold, suffragan bishop of
the diocese of Chicago said:

"I came to Chicago from Kansas a
complete convert to the cause of pro-
hibition. I would be distressed be-
yond measure if I thought the 18th
amendment was in danger of repeal.
I agree with the statement that it is
impossible by law to make men tem-
perate but it is possible by law to
make conditions easier to men to be
temperate."

Rev. Griswold inferred that modifi-
cation of the Volstead act might
possibly benefit the situation. He is
a member of the Temperance soci-
ety.

Rev. Reginald Weller of Fond du
Lac, Wis., bishop of that diocese and
also a member of the society, de-
nounced the stand of Mr. Empring-
ham. Rev. Weller said he was op-
posed to liberalization of the act,
declaring that prohibition is making
satisfactory progress.

Dr. Arthur Rogers, rector of St.
Mark's church, Evanston, Ill., be-
lieves the Volstead act has created
hypocrites. He is opposed to a re-
turn of the saloon.

Rev. E. J. Randall, executive sec-
retary of this diocese, supports Rev.
Weller.

"The church Temperance society
only claims 20,000 members, while
the Episcopal church has 1,200,000
communicants, and probably 5,000,
000 adherents," he said.

The expression on the part of the
society cannot be accepted as an ex-
pression of opinion of the Episcopal
church, he said. Modification would
be dangerous and retard the cause
of prohibition, he insisted.

Many other episcopal clergymen
have entered the fray, the majority
voicing opposition to the Empring-
ham report.

The board of education of the
church in session here adopted a
resolution in favor of strict prohibi-
tion.

"We, as a body, are in favor of
the 18th amendment," the resolu-
tion said in part.

Wets in the political ranks here
believe the strife in the ranks of
the church on the question of the
Volstead act gives them a splendid
opportunity to rally powerful sup-
port to their fight for liberalization
of the dry laws.

FLORIDA NIGHT CLUBS REVEAL HIGH STAKES

Palm Beach, Fla., Feb. 5.—(UP)—
With the winter season at its
height thousands of dollars are cross-
ing the "board" at luxuriously ap-
pointed "night clubs" in the larger
resort centers of Florida.

Aristocratic social luminaries in-
cluding pretty debutantes, high so-
ciety matrons and millionaires gar-
ther nightly at the most exclusive
places to court the goddess of luck.

Palm Beach just now is talking
about the "lucky woman," a New
England girl of the "400" who is re-
ported to have won more than \$10,
000 during a few moments of play
at one of the local clubs.

Miami still recalls the millionaire
of Cincinnati who is said to have
lost \$50,000 across the green tables
during single night's play last year.

PINE TO PALM TOURISTS NOW AT NEW ORLEANS

New Orleans, La., Feb. 5.—(UP)—
Mayor Ralph Webb of Winnipeg and
about 100 prominent Canadians in
the "Pine to Palm" motor trip reached
here in more than 30 automobiles late
last night. The Canadians were
greeted by acting Mayor J. O'Keefe
and other city officials at a point 25
miles north of New Orleans and es-
corted to the city.

UNEMPLOYMENT DOLE POLICY OF BRITAIN DEFENDED

London, Feb. 5.—(UP)—By a
vote of 299 to 112 the house of
commons today voted confidence
in the government's unemploy-
ment dole policy, defeating a la-
bor amendment to the reply to the
king's speech.

The British government plans to
continue payment of the unem-
ployment dole and indications are
that it may succeed in postponing
to next year consideration of a
date for its termination.

BELIEVE WOMAN WAS THRUST INTO FURNACE

BODY OF MRS. GEO. SOLOMON
BORE EVIDENCE OF
STRUGGLE

CORONER'S REPORT MADE IN
SIOUX CITY, IOWA,
CASE

Sioux City, Ia., Feb. 5.—(UP)—
Belief that Mrs. George Solomon, 47,
mother of nine children, was thrust
headfirst into the furnace of her
home, was expressed by police today
with the coroner's report that the
body bears evidence of a fierce
struggle.

Coroner J. H. Robbins said he
found the woman's right wrist had
been fractured. The head bore evi-
dence of blows and other wounds on
other parts of the body, plainly in-
dicating a fight, he said.

Police believe the woman was
pushed into the furnace while still
breathing, but perhaps unconscious.
The head, arms and upper part of
the body were badly burned.

George, the 53 year old husband,
is in custody. He claims the death
was accidental. Solomon said the
death occurred Wednesday after-
noon, while the body was not found
until late in the evening. Solomon
has not explained to the satisfaction
of the police why he failed to notify
his children or neighbors of the
death or why he dragged the body
to a corner of the basement and cov-
ered it with ashes.

GOV. CHRISTIANSON IS LAID LOW BY INFLUENZA ATTACK

St. Paul, Feb. 5.—(UP)—Governor
Theodore Christianson has cancelled
all speaking engagements for this
month and probably will be confined
to his home until the latter part
of next week, due to an attack of
influenza, it was announced at the gov-
ernor's office, today.

While the governor's condition is
not considered serious, his physicians
advised him to forego fulfilling any
of the 24 speaking engagements sched-
uled for him, and to remain quiet for
a few days.

It is believed the governor con-
tracted cold on his recent trip to
Washington.

DOWAGIAC'S MURDER-SUICIDE- ARSON MYSTERY

DEEPENS TODAY AS THE POLICE
ADVANCE NEW
THEORIES

THINK MAN WIPED OUT 5 MEM-
BERS OF WILKINSON
FAMILY

Dowagiac, Mich., Feb. 5.—(UP)—
Dowagiac's murder-suicide-arson
mystery deepened today with new
discoveries by police leading to the
theory that a man wiped out the
five members of the William Wilkin-
son family.

This theory developed with find-
ing of the severed head of William,
the father in a crock in the charred
ruins of the farm house.

Police originally believed Wilkin-
son killed his blind wife, his daugh-
ter, Genet, her illegitimate child,
and a son, Floyd, before committing
suicide and setting fire to the house.

Skulls of Genet and Floyd were
found to have been crushed and of-
ficers regarded it as certain they
were dead before the fire.

Albert Alexis, an Indian, whom
the girl named as father of the child,
was questioned by police but not
held. Birth of the child shortly be-
fore the fire is believed to have
caused the tragedy.

COUNTRY IS PROMISED ITS PASSAGE FEB. 10

SENATOR SMOOT DETERMINED
TAX REDUCTION BILL SHALL
PASS SOON

BUT ONE CONTROVERSIAL POINT,
INHERITANCE AND GIFT
TAX MATTERS

Congress Today

Senate:
Debates tax bill,
Railroad mediation bill before
interstate commerce committee,
Schall-Johnson hearings.

House:
Considers deficiency appropria-
tion bill.

Appropriations committee con-
siders state and justice, independ-
ent offices, and commerce and la-
bor bills.

Interstate commerce committee
considers railroad labor board leg-
islation.

Military committee hears Wil-
liam Mitchell on aviation.
Irrigation and reclamation com-
mittee considers Boulder dam.

Congress 100 Years Ago Today

Senate:
A good deal of business was
transacted today but none which
led to debate.

House:
Defeated amendment to appro-
priations bill to send a minister in-
stead of a charge d'affaires to Gua-
temala.

Voted down appropriation to
build additions to capitol, one rep-
resentative saying it was almost
as difficult to find one's way out
of the building as to get into it.

Washington, Feb. 5.—(UP)—Sen-
ator Smoot, republican, Utah, in
charge of the \$352,000,000 federal
tax reduction bill was expected to
begin tonight to apply the pressure
of night sessions on opponents if no
more progress is made on the bill to-
day than yesterday.

"I should prefer not to resort to
night sessions, but I promised the
country the bill would be passed by
the senate not later than Feb. 10,"
said Smoot. "I am determined the
bill shall be passed by that time."

Smoot expects the fight over the
publicity of federal income taxes to
be over before recess is taken to-
night, which would leave only one
highly controversial point for dispo-
sal, inheritance and gift tax repeal or
retention.

COPELAND RESOLUTION GETS NO HEARING

Washington, Feb. 5.—(UP)—The
senate refused today by a vote of 48
to 28 to lay aside the tax bill for
consideration of the Copeland resolu-
tion calling upon President Coolidge
to summon the striking anthracite
miners and coal operators to the
White House for a mediation confer-
ence.

During the month of January, 1925, there were 128 carloads of automobiles passed through Staples over the Northern Pacific bound for western points. During the same period of time this year the number was 456 carloads, an increase of 228. If this is any criterion of the increase in business generally that may be looked for throughout the country this year, then look out for hum-dinger times. —Staples World.

Local authorities yesterday arrested June Burns of Minneapolis, wife of J. D. (Slicker) Burns, now waiting trial here in connection with the theft of an automobile, for authorities at Brainerd. Mrs. Burns had left instructions for the servicing of a car at a Lincoln garage, which later turned out to be the machine stolen from a resident of Crow Wing county, according to the authorities. She was to be arraigned at Brainerd today. —Little Falls Transcript.

Knight-Sears
Miss Marie Sears, of Milwaukee, Wis., and Arthur Knight, of Aitkin, were united in marriage on Tuesday afternoon, Judge L. B. Kinder officiating. The bride is a daughter of Mr. and Mrs. Frank Sears, formerly of this city, having lived at 502 South Sixth street, and was a teacher. The happy couple will make their home at Aitkin.

BAND CONCERT PROVES SUCCESS

Brainerd Concert Band in First Annual Recital Makes Impressive Showing

SOLOISTS PLAY WELL

Cornet Solo, Clarinet Duet, And Violin And Clarinet Duet Well Received

The first annual concert of the Brainerd Concert Band, produced for two nights at the New Park theatre, proved to be one of the finest musical treats given here this season. The band played with a precision that delighted the audience.

The band played a number of selections, a well chosen group of music that was designed to please everyone. That the selections did please was attested by the plentiful applause given to each rendition.

Included in the arrangement were the following: Gallop Long Run, by A. J. Weidt; Bohemian Girl, by Al Hayes; Exuberance, by Al Hayes; Merriment, by Geo. Bernard, in which Julius and Elmer Peterson had a clarinet duet, which they played splendidly; Gaiety Polka, by Harry Hartley, with Dale Sanders playing a cornet solo; and Autumn Romance, by K. L. King, with Carl Peterson playing a baritone solo. The solo and duet parts were taken by the boys in masterful manner.

In addition to these numbers, Carl and Elmer Peterson played a violin and clarinet duet, Angles' Serenade, by C. Braga, with Miss Cora Rickard accompanying.

Assisting the band in their concert were several groups of artists in various lines. All donated their services to the band, and the band is grateful to their many friends who helped them in the recital.

The Arcadian orchestra was never better, and gave freely of their best works in a way that brought a cordial response from the audience. They played in the orchestra pit before the curtain and between acts, as well as after the curtain was lowered.

The specialties were excellent, and all are worthy of mention. Miss Helen Paine was exceptionally pleasing in her humorous selection, "Judge Brown's Account of Rubenstein's Playing." Little Miss Marcelle Holm sang "My Wild Irish Rose" in such fine style that she was recalled by the audience, and repeated it as an encore, getting equally as much applause after the second rendition. She was accompanied by Leonard and Gladys Johnson on the violin, and Louis O. Johnson on the piano.

The "Winkem, Blinkem and Nod" orchestra, under the direction of Mrs. Louis O. Johnson, was one of the most entertaining features of the program, playing "Emerald." The children in the orchestra are all of young years, and have been playing together under the direction of their leader for about two months. Louis O. Johnson accompanies them on the piano.

The personnel of the "Winkem, Blinkem and Nod" orchestra is as follows:

First violins—Gladys Johnson, Victor Bougeois, and Maybelle Lind; saxophone, Malcolm Ellison; tenor saxophone, Eugene Paine, Jr.; C melody saxophone, Arden Miller; clarinets, Leonard Johnson and Allan Paine; cornets, Maurice Larson and Leo Turcotte; trombone, Howard Gile; snare drum, Jimmy Johnson; bass drum, Luverne Johnson; piano,

Louis O. Johnson; director, Mrs. Louis Johnson.

The "Alabama Smokes" gave a thirty-minute program of good minstrel fun as the last number of the recital. The jokes of the end-men were funny, the dancing was enjoyable, and the entire show was splendid. Al Jolson danced the Charleston in his characteristically loose-jointed manner, bringing down the house with his shakes.

The persons taking part in the performance of the "Alabama Smokes" are these:

Dinah—Mrs. Roy Hall.
The Gold Dust Twins—Miss Lois Hall and Miss Esther Bentley.
Phoebe—Miss Mayme Scullen.
Liza—Mrs. Earl Bedal.
Miss Jap-a-lac—Mrs. Glenn.
Pianist—Miss Emily Mraz.
Rastus—Earl Bedal.
Bones—Edward Frayer.
Jasper—Bert Sabin.
Tennessee—Mr. Sternd.
Sambo—Leland Avery.
Al Jolson—Wm. Fitzharris.
Red Hot Henry Brown—Victor Reese.

Rufus—Rowland Jenkins, Jr.
The show was rewritten by members of the cast, and made to suit the occasion.

The ushering for both evenings was done by the Girl Scouts, and the managers of the band wish to express their appreciation for their work.

ELKS NOMINATE NEW OFFICERS

Past Exalted Rulers Fill Chairs on Occasion of Lodge Observing "Past Exalted Rulers Night"

COL. C. D. JOHNSON AS RULER

Stern in His Rulings, Occasionally Put And Carried a Motion All by Himself

Past Exalted Rulers filled the various chairs of the Elks lodge last night on the occasion of "Past Exalted Rulers Night." Col. C. D. Johnson, Past Grand District Deputy for Minnesota North, Past Exalted Ruler, Past Trustee, Tyler for several terms, presided. The colonel was in rare good humor and of several occasions, braving the restraint of past customs and ordinances, put and carried a motion all by himself.

The sick committee reported T. R. Foley of Atkin sick; Julius Deering sick at St. Joseph's hospital where he may be operated on; Brother Larson at St. Paul hospital getting along nicely; Brother Prevost operated on at Rochester hospital.

Dr. A. K. Cohen spoke on assisting the Salvation Army appeal. Basil T. Heath told of experiences of the soldiers with the Salvation Army and the good they had done overseas.

Many people and even some Elks are not aware of the fact that the Elks financed the Salvation Army in the war, and that is why in peace time the Elks continue taking a friendly and active interest in the Salvation Army.

A committee of ten Elks is to be named to assist in the appeal for funds.

Nominations were made Thursday evening for Elks officers, with a further opportunity next meeting night, February 18 if additional nominations are desired:

Exalted Ruler—Wm. V. Turcotte.
Esteemed Leading Knight—Basil T. Heath.

Esteemed Loyal Knight—Fred Cartwright.

Esteemed Lecturing Knight—Nor-

Boulevard Traffic

The secretary of the national conference on street and highway safety says that the boulevard system is simply another name for arterial highways. In some cities they are known as high-speed highways, where the rate of speed up to 35 miles per hour is permitted and the highway is controlled by traffic police or automatic signal devices.

OUR SECOND BIRTHDAY SALE

Two years ago we reopened the FRANK & JAMES STORE with a policy of honest goods, honest prices and courteous service. We have striven to uphold these ideals. That we have succeeded we are assured by the fact that the same familiar faces are in our store regularly.

Union Suits

A real heavyweight, part wool suit. Sold at \$2.45 regularly. All sizes on sale now at

HELP YOURSELF TO HEALTH

Jealous Women

YOU can't blame them. Beauty and health are given but they are difficult to keep. No wonder women guard them jealously. No wonder their mirrors reveal the furtive glances of the afraid. It is too bad that women do not realize that constipation's ruinous poisons undermine health, destroy beauty, sap vitality and sicken with headaches. But thank goodness, beauty and health may be safeguarded by safely, surely and permanently relieving constipation with Kellogg's ALL-BRAN.

No matter if constipation has become chronic, Kellogg's ALL-BRAN will bring permanent relief. This is why: ALL-BRAN journeys through the body unchanged in fiber. It is what doctors call a bulk food. It is 100% bran and brings 100% results.

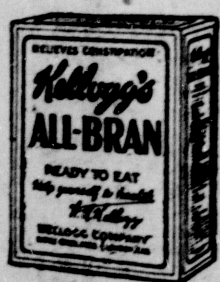

As Kellogg's ALL-BRAN sweeps through the intestine, it cleans and purifies—stimulates the flow of digestive juices—absorbs and carries moisture. It causes a laggard intestine to function as nature intended.

That's the splendid thing about the action of Kellogg's ALL-BRAN—it promotes natural, healthy and regular elimination.

Eat two tablespoonsful of Kellogg's ALL-BRAN every day—in chronic cases, with every meal. If eaten regularly, it is guaranteed to bring permanent relief or the grocer returns the purchase price. Its delightful nutty flavor makes it good as a cereal. Serve with milk or cream alone, or with fresh or preserved fruit—sprinkle over other cereals; cook with hot cereals; use in soups, or in the recipes on the package.

Be sure you get Kellogg's ALL-BRAN. Don't accept a part-bran product, for it cannot do a whole-bran job. Chances are, it will do no good at all. Don't take chances. All grocers sell Kellogg's ALL-BRAN. Leading hotels and restaurants serve it.

Made by Kellogg in Battle Creek, Michigan

TAKING HEALTH INVENTORY

WE have always believed in taking inventory of the car before we started driving in the spring and figured that a general overhauling always did a lot of good. A strange squeak always started gooseflesh and we never rested until the garage man located the seat of trouble.

But how many people have any regard for their own health? How many have periodic examinations made? The only time some people get a thorough examination is when they apply for old line life insurance.

The Northwestern Health Journal in its February issue speaks of taking a health inventory, and the editorial continues in this manner:

"Did you make a New Year's resolution to have a medical examination this year? If not, you had better resolve now to go to your family physician at your earliest opportunity and have him take inventory of your health liabilities and assets.

"This is the safest way of insuring the discovery of health leaks while they are small. The following schedule for medical examinations through life, according to age, is recommended by Dr. Haven Emerson, professor of Public Health Administration, Columbia University, who was formerly health commissioner of New York city:

"First two years of life—at least 12 medical observations of which six should be in the first six months.

"From two to five years—once each six months unless acute febrile infection, or serious loss of weight demands more frequent examination.

"From six to 25 years—once each year unless acute febrile infection or loss of weight calls for additional examinations during the year.

"From 25 to 45 years—every two years unless there is a definite disturbance of weight, either excess or loss, or albumin or sugar in the urine.

"From 45 to 65 years—once a year unless overweight, high blood pressure, albumin or sugar in urine is present. When these conditions exist the examinations should be at least once in six months.

"At 65 years and over—an examination every six months."

WHAT IS A HOME?

WHAT is a home, has often been asked. The editor of "Better Homes and Gardens," in a last November issue, tells just what a home is and uses glowing prose to picture it:

"Give me not a great mansion peopled by many voices, babbling through the sacred hours; served by an army of retainers conspiring to deprive me of even one moment of peace and quiet; built on worry, and doubt, and lavish expenditure!

"Give me not a place so hollow and empty and gaunt of all the real riches, however embellished it shall be by the fine trappings of art and architecture, that it is a heaviness to turn my footsteps towards it!

"Give me not a place that I hold at the sufferance of another, for I will not be content to live in another man's house no matter how much rent I pay, nor how exclusive it may seem to do so. I will not go into partnership with any other man on the roof that shelters my brood, nor will I allow any man to tell my loved ones when to go!

"Give me rather a house which has mirth and gaiety in its lighter hours; contentment and quiet plenty when they are so sorely needed to feed my soul and clothe my spirit. A house which has responded to my every mood and in the staunch weathering of every storm, every crisis, every struggle earned at last that rare place in my heart, that dear affection, which will cause me to think of it only in the most sacred thought possible—home!"

SERVICE

At the end of life, we shall not be asked how much pleasure we had in it but how much service we gave in it; not how full it was of sacrifice, not how happy we were, but how helpful we were, not how ambition was gratified, but how love was served.

The great service of the Salvation Army is that of putting heart into men and women who have weakened. This is human reconstruction. The organization and its individual men and women workers, by the excellence of their work and their self-sacrifice, give aim to those who are purposeless and hope to those who have lost hope.

It is the sick, the poor, the distressed—all those who are actual or potential charges upon the taxpayer—that the Salvation Army is interested in. Two out of every three derelicts, and even a larger proportion of unfortunate women and persons in distress who are handled by the Salvation Army, make good and become worth-while and industrious citizens.

A nation's assets are its human resources. Thus, every time a "man who is down" is lifted to his feet, the standard of the community is raised to a higher level.

"Investing in Humanity Pays a Big Dividend."

It was quite a surprise to see Joe Bush of the St. Louis Browns traded to the Washington Senators. It shows Joe is still in the game and that his good right arm, after a winter's rest, will again be zipping them over the plate. Joe has been in the big show a good many years and has given Brainerd wonderful advertising on the sport map of the world. After he gets through pitching, his batting eye and fielding will guarantee him a place in the outer garden, and when he's through there, he would make a good manager. Joe's change to Washington puts him nearer his Philadelphia suburb home. Mr. and Mrs. Bush have always liked the east, for that section first recognized his big league worth.

THE St. Cloud Times characterizes Iowa's law "to raise the standard of Iowa's children" as half-baked social legislation, and says its provisions can be avoided by simply stepping across the state line and being married in another state.

THE current issue of the "Rotarian," official organ of the Rotary clubs, has a fine article on boys' and girls' bands.

BOOTLEGGING would never flourish if there were no customers for the stuff.

NEWSPAPER BUSINESS GROWS RAPIDLY

TURN FROM OLD "VICIOUS THEORY THAT GOVT. SUPPORT IS NEEDED

POLITICAL SUBSIDIARIES NOT REQUIRED, NEWSPAPER NOW BUSINESS INSTITUTION

Columbus, O., Feb. 5. — (UP) — "No business in America is growing with greater rapidity and strength than the newspaper variety," said Karl A. Bickel, president of the United Press, in a speech before the Ohio Associated Dailies.

This trend applied throughout the world, Bickel said, and added that newspapers of every kind were turning away from the "old vicious theory" that newspapers must be supported by governmental or political subsidy and were establishing themselves as legitimate business institutions.

The fact that this change took place first in this country, Bickel pointed out, was one reason why the American press led the world in honesty, high ethical standards, influence and wealth.

The fact that newspaper publishers of the world are demanding honesty and absolute independence from governmental propaganda in their press associations has been one of the fundamental factors in the success of the United Press.

"The United Press has no affiliations of any character, with any governmentally subsidized news agencies or agency which in Europe are termed official or semi-official.

It is the attitude of the United Press that there is no difference between a reported taking money to protect a government official and a press association accepting a subsidy to protect a government or distribute propaganda for that government."

Bickel announced that as a result of negotiations between General Harbord, president of the Radio Corporation and the United Press, Harbord had agreed to make a reduction from 27 to 10 cents a word on press matter filed between the United States and Japan.

"The drastic reduction of the wireless press rate between the United States and Japan will prove the greatest forward step for peace between the two countries that has taken place in the history of their relations.

GOV. PINCHOT ATTACKS G. O. P. ORGANIZATION

CHARGES FAILURE TO SUPPORT HIS ANTHRACITE REGULATION BILL

GOVERNOR CONFERS WITH PRES. LEWIS OF MINE WORKERS

Harrisburg, Pa., Feb. 5. — (UP) — Governor Pinchot today attacked the republican organization for failure to support his anthracite regulation bill in the special session of the legislature called for him for "emergency" legislation.

The attack was in the form of a statement directed at Republican State Chairman Harry Baker, charging him with failure to lend his support to the bills when introduced in the house committee. The committee reported negatively on them, killing them before they reached the floor. Pinchot's thrust followed his conference with John L. Lewis, pres. of the United Mine Workers, last night in Philadelphia.

No statement was given out except that they had "considered means of ending the strike."

Pinchot says that at the beginning of the special legislative session Baker sought "an interview" with him and promised him personally and later in his role as spokesman for the organization promised the people of Pennsylvania that the subjects included in the call for the extra session would have full and fair consideration.

"Full and fair consideration can mean only one thing—that the membership of the house or senate, as the

case may be, shall have opportunity for debate and action," Pinchot declared. "To report from committee with a negative recommendation a bill dealing with a great and pressing public question and thereby deprive the membership of the house and senate, and through them, the people of Pennsylvania, of an opportunity to clarify the position by debate and bringing public opinion to bear upon it, is not full and fair consideration."

GOV. BLAINE TELLS WHAT'S FARMING ILLS

MIDDLE WEST STAGGERS UNDER WOEFUL LACK OF EFFICIENT SYSTEM

RAILROADS LACK EFFICIENT TERMINALS AT LAKE PORTS

Madison, Wis., Feb. 5.—Agriculture in the middle west is staggering under the burden of a woeful lack of efficient system in distribution, Governor Blaine declared here last night in addressing the annual banquet held in connection with the University of Wisconsin's department of agriculture "Farm Folks' Week" which closes today.

"The railroads lack efficient terminals," Governor Blaine said. "On the Great Lakes, mere passing attention has been given by the government to the necessary and adequate docks and wharves for lake commerce and so lake commerce has been neglected.

"If constructive thought had been given to these questions more water routes, more outlets, improved harbors and more adequate terminals would have gone a long way presently in solving our restricted means of distribution."

They Can Have 'Em
Malays eat the bees but not the honey.

Get the Jell-O "habit".

Plan to serve this delightful dessert often. It is excellent for luncheon or dinner, and as a light refreshment for parties and social affairs. Keep a supply of the several Jell-O pure fruit flavors (there are six of them) on your pantry shelf and you will always be prepared to serve a delicious dessert. Jell-O may be served plain or in combination with nuts, fruits, or whipped cream, in many tempting ways and is so economical.

The little folder in each package contains many suggestions for desserts and salads.

The DARK ANGEL

CARD OF THANKS

On behalf of the Parents' Organization, I wish to thank each and every one taking part in the concert of the Brainerd Concert Band, especially the Arcadian orchestra for their fine music before curtains and between acts; Mrs. Louis Johnson for her work with the little folks' orchestra, and last, but not least, Rowland Jenkins and the Alabama Smokes for their good comedy. We wish also to thank Miss Helen Paine for her reading, Miss Marcella Holm for her singing, the Lions club and Rotary club for their assistance, and the Brainerd Dispatch for their aid in publicity.

GROSS EARNINGS AID \$29,799 FOR 1925

Brainerd School District Shares
Heavily in State
Aid

\$66,927.12 TOTAL AID

Some Items Pro-rated Because Legis-
lative Appropriation
Too Small

Brainerd schools will share heavily
in the distribution of special state
aid for the school year 1924-25, ac-
cording to a letter received from the
commissioner of education, and read
at the meeting of the school board
Monday night.

The gross earnings aid, in which
Brainerd shares because of the
Northern Pacific shops here, amounts
to \$29,799 for last year, and the
total amount of aid from all particu-
lars is \$66,927.12. The letter is re-
printed below.

All members of the board were
present at the meeting, with Presi-
dent George D. LaBar presiding.

The minutes of the January 4
meeting were read and approved.
Communications were received from
the Travelers Insurance Company,
and the department of education of
the state of Minnesota, and were or-
dered placed on file.

The letter from the Travelers In-
surance company is as follows:

"On January 12, Inspector Roy
Budd externally examined the boilers
listed below.

Horizontal tubular boiler No. 1,
100 lbs.—Lowell school.

Horizontal tubular boiler No. 1,
50 lbs.—Whittier school.

Horizontal tubular boilers No. 1-2,
15 lbs.—Lincoln school.

Horizontal tubular boilers No. 1-2,
100 lbs.—Washington school.

Economic boilers No. 1-2, 15 lbs.
—Harrison school.

Brainerd, Minnesota.

"External examination disclosed
no indications of leakage or defects
in parts subject to internal pressure.
The safety fittings and various ap-
pliances were operative and in good
order.

"It is our understanding that you
desire to operate the Horizontal
Tubular Boiler No. 1 located at the
Whittier school at a maximum pres-
sure of 15 pounds. This matter is
being brought to the attention of our
Underwriting Division, who will
properly classify your boiler and
make necessary changes in the
policy.

"The following recommendations
should receive your consideration.

"Horizontal Tubular Boiler No. 1
—Whittier school. (1) If this boiler
is to be classified as a heating
boiler a lighter weight should be in-
stalled on safety valve and valve set
to blow freely at 15 pounds. (2) A
steam gauge graduated to 30 pounds
should be installed. Your advice
should be appreciated as to what
action you will take in respect to the
above recommendations."

The letter from the state depart-

ment of education was the announce-
ment of the distribution of special
state aid for the school year 1924-
25, and is as follows:

"The following statement will be
of immediate interest to your school
board. It shows the amounts of
special state aid granted by the state
board of education for the year end-
ing June 30, 1925 for the purposes
indicated. These amounts are pay-
able to the treasurer of your school
district upon application to the
treasurer of your county. The legis-
lative appropriation for the school
year 1924-25 was insufficient in the
particulars indicated below for the
full payment of the amount of aid
promised by law, and accordingly
was prorated."

J. M. McCONNELL,
Commissioner of Education.

The report of the superintendent
for the months of December and Jan-
uary was received and ordered placed
on file.

The resignation of R. C. Johnson
as Science instructor in the high
school was received and accepted.
Mr. Johnson goes to St. Paul as
science teacher in one of the high
schools there. The teachers commit-
tee was authorized to fill the vacancy.

Authorization was given for the
purchase of a filing case for use in
the high school office.

The board took up the matter of
observance of Lincoln's birthday and
Washington's birthday, and decided
that patriotic exercises be held on
Lincoln's birthday, Feb. 12, in ob-
servance of both presidents, and that
Washington's birthday be a holiday,
with no school.

Authorization was given for the
purchase of three dozen folding chairs
for use in the Riverside school.

The fuel committee, which had
advertised for bids for furnishing 30
cords of green cordwood, had receiv-
ed six bids, which were opened. Af-
ter discussion of the prices of the
bids, the matter was on motion duly
carried left to the fuel committee
for decision. The chairman of the
fuel committee reported the purchase
of two carloads of coal, one for the
Harrison and one for the Lowell
school.

The finance committee reported

having checked the quarterly report
of the treasurer for the quarter end-
ing Oct. 31, 1925, and under date of
Jan. 28 fixed their O. K. thereto.

The committee on health and sani-
tation submitted a report on work
done during the past month, and the
chairman, Robert Crust, also stated
that if no objection was made by the
board, a dental clinic would be held
in the near future. No objection
was raised.

Superintendent Cobb turned in a
check of \$250 as coming from the
athletic association to the general
school fund. Claims and accounts
were presented and allowed, and the
board adjourned at 12 o'clock p. m.

HAS A WIFE WISHED ON HIM

TEDDY HAYES OF MILWAUKEE
IS CENTER OF EMBAR-
RASSMENT

Milwaukee, Wis., Feb. 5.—(UP)—
Rae Burton, pretty 23 year old girl,
held on a vagrancy charge, is to ap-
pear in Judge George Page's court
today to explain a great deal of em-
barrassment, which she is alleged to
have caused Teddy Hayes, former
secretary of Jack Dempsey.

According to Hayes, who came
here last week to attend the funeral
of his mother, the young woman in-
vaded the funeral parlors and wept
beside the casket. He did not know
who she was, but his friends advised
him she represented herself as his
wife. He asked her about it, but
she only turned away and said noth-
ing.

Teddy informed police and she
was placed under arrest.
The woman explains she knew

Teddy some years ago and recently
while in Chicago met a man who
was a "dead ringer" for Hayes. He
proposed and they were married, the
woman said. Naturally when Teddy
came here she said she felt it her
wifely duty to attend the funeral
services of his mother.

Of Small Value

QUALITY OUR FIRST CONSIDERATION

RED GRANGE VISITS HIS OLD HOME TOWN

WEALTHIER BY ABOUT EIGHTH OF A MILLION

TO VISIT HIS OLD CRONIES IN WHEATON, ILL.

THEN TO ENTER MOVIES, EXPECTING TO CLEAN UP GOOD MONEY

Wheaton, Ill., Feb. 6.—(UP)—Wiser by virtue of his contact with the country from coast to coast and wealthier by about \$125,000, Red Grange was a man of leisure today in the old home town, where he used to carry ice.

For three weeks Red is to live under his father's roof, visit with his old cronies and tell them of his experiences abroad from home and fire-side.

Then he will return to the business of making money—this time in the movies where he expects to do even better financially than on the gridiron.

"Mighty glad to get home again," Red said, as he drew up a chair in his father's living room in an apartment over Gallinger's drug store on Front Street.

"Things look about the same and familiar things are nice to look at," Red also looks about the same as when he left. He's still quiet and reserved. He still shuffles his feet when he talks.

But from terse answers to a multitude of questions, Red's interviewer learned the following things:

Grange's personal earnings as a professional football player exclusive of the money made by his manager totalled about \$125,000, all of which has been converted into gilt edged securities in a bank at Champaign, Ill.

Red hopes to make about \$300,000 through his movie contract.

He expects to organize his own professional football team next fall, but believes he has already made his biggest profits along that line.

He does not contemplate marriage. He plans to complete his course at the University of Illinois, going back to his studies next February.

He plans to enter some conservative business after he gets his college degree.

He thinks George Wilson is one of the greatest football players he ever saw, but he thinks Ernie Nevers has been overrated.

NORWEGIAN POLE VAULTER BREAKS INDOOR RECORD

CHARLEY HOFF SETS JUMP AT 13 FEET AND ONE INCH

BEATS FORMER RECORD HELD BY NELSON SHER-RILL

New York, Feb. 5.—(UP)—Making his first appearance in this country, Charley Hoff, Norway's greatest athlete, made a new indoor record for the pole vault of 13 feet one inch in last night's meet here. The former record was 13 feet made last year by Nelson Sherrill of the University of Pennsylvania. Hoff also holds the world's outdoor record of 13 feet 11 13-16 inches.

The Norwegian star was the only one of the foreign athletes who distinguished himself.

Hubert Houben, German sprint champion, was beaten by Loren Murchison and Truck Miller in the 40 yard dash in 4 6-10 seconds and the runners finished in the same position in the 60 yard dash in 6 3-10 seconds.

Adrian Paulsen, Holland middle distance star, finished last in the 600 yard race behind Allen Hefelrich, Johnny Tobin, Charley Hoff and Allen Christie.

Gordon Goodwin, British walking champion, finished third in a three mile test behind Harry Hinkle and Mack Weis in 21:49 2-10.

RED GRANGE TO TAKE GOOD REST

RETURNS TO CHICAGO FROM HIS WESTERN BARNSTORMING TRIP

Chicago, Feb. 5.—(UP)—Harold (Red) Grange, famous University of Illinois football star who turned professional, returned here with the Chicago Bears from a barnstorming trip of the west. Grange said he would take a good rest before resuming activities.

Grange refused to comment on reports that he cleared \$125,000 during his three months with the Bears. He plans to spend several days at his home in Wheaton, Ill., before going to California to fill a moving picture contract.

Professional basketball promoters are understood to be dickering for his services.

IS SWIMMING COACH

Ingolf Dillan, Civics Instructor at Minneapolis, is Tank Mentor

The Central High News, weekly paper of the Central high school of Minneapolis, last week carried a picture of Ingolf Dillan, of this city, who is coach of the swimming team of that school, besides being instructor of civics and business law.

In the first official swimming meet engaged in by his team this winter, the team won over their traditional rivals, West high school, yesterday afternoon, 38-31, the meet being held at the Central Y. M. C. A. of Minneapolis. Last year West high won the city championship, and a win over them was the highest hopes of the Central team.

In a letter received here yesterday, Mr. Dillan prophesied that his team would be defeated by a 37-32 score. The tanksters upset the dope of their own coach, and took the contest.

Besides being a teacher and swimming coach at Central, he is a senior at the Minnesota College of Law. His parents, Mr. and Mrs. J. I. Dillan, reside southeast of Brainerd.

SECOND TEAM AND GIRLS IN GAMES TONIGHT

LOCAL TEAMS TO PLAY HERE AGAINST CROSBY SECONDS AND GIRLS

GAME TONIGHT IS BENEFIT FOR HIGH SCHOOL ANNUAL, BRAINIONIAN

Tonight the second team of the high school basketball forces will take on the Crosby seconds here. New recruits have been added to the team, the team now including some of the fastest material among the reserve strength in the school.

Aro and Heikkinen have made themselves eligible for this semester, and may see action in the game. Aro is one of the fastest men developed in the grade school basketball teams in recent years, and with Heikkinen will make a pair of flashy workers. Their speed more than makes up for their lack of inches.

A line on the high school prospects for next year may be had by watching these seconds play, and their games with similar teams from other towns will prophesy for the future of basketball.

After the second team game, the girls' team will meet the girls from Crosby in what promises to be a hard fought battle. The Crosby team of last year has been working up speed for this game and are sure to give a struggle.

The line-up will be practically that of the last game, as announced last night. The money that is left after expenses are paid will be used as a benefit for the Brainionian, high school annual. The more money, the better annual—so come and help support this worthy cause.

The game starts at 7:30, with the girls game immediately after.

Vance of Brooklyn Club Has Remarkable Record

In the last 15 years only a few pitchers in major league baseball put over big strikeout records for a single game of nine innings. Walter Johnson twice had 14; Jim Scott, with the White Sox in 1915, fanned 15; Joe Bush, then with the Boston Red Sox, set down 13 of the Detroit team; "Rube" Marquard of the Giants, in 1911 fanned 14; Arthur Vance of the Brooklyn club, in 1923 struck out 15, and in 1924 he had 14 and 15 strikeouts in regulation games. In 1925 he fanned 13 and 17, the latter mark requiring 10 innings. Prior to 1911, there were 100 records which equaled or surpassed these. However, the work of Vance is remarkable for this period for the average pitcher rarely gets the double number in strikeouts.

Paul Berlenbach Plans to Become Heavyweight

Difficulty in making the 175-pound weight limit of his division and aspirations to succeed to the heavyweight crown, now held by Jack Dempsey, may shortly compel Paul Berlenbach to relinquish his world's light-heavyweight championship, declares Dan Hickey, his manager.

Berlenbach, who made his heavy-weight bow several months ago by knocking out King Solomon of Panama, already is planning an active heavyweight campaign, Hickey, admitted.

Before leaving the light-heavyweight field, however, Berlenbach will give Harry Greb, world's middleweight champion, the next chance at his title.

TWO NEGROES ARE ELECTROCUTED FOR MURDER

Little Rock, Feb. 4.—(UP)—James and Lee Walker, negroes, were electrocuted here for the murder of Ira M. Judson, a lumberman, at Eldorado, Ark., on Dec. 12. Both of the negroes confessed to the murder just before being taken from the death cell.

FARRELL SAYS BOXING IS TAME SPORT

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Feb. 5.—Boxing's most severe critics are those who insist that it is a brutal sport, a throw-back to the days of the cave-men and a game that has no place in a civilized country.

There are many points for attack on boxing but in these days of light tapping your business men there certainly is no just reason to condemn the sport as being brutal.

For hard socks, knocks, cuts and bumps, hockey makes boxing look like a lady's game. There is more concerted action in one period of hockey than in six rounds of a fight.

The swish of a skate, the swing of a club in a skirmish and the doctors go to work. Shorty Green, one of the New York players, got a cut in the face in a recent game that took eight stitches to close and he went back on the ice. Billy Burch, captain of the New Yorkers, came within one-eighth of an inch of having an eye knocked out, and most all of the players have been knocked cold in one or two games.

This is not to infer that it is a roughneck game. It is the fastest and hardest played of all games and accidents cannot be avoided. It is unfortunate that it is only a provincial game and is confined to those sections of the country where ice facilities can be obtained.

Football surely is no slouch of a game and there are any number of boxers who couldn't be dragged on a gridiron. Benny Leonard, after one experience, is not ashamed to express the opinion that anyone who plays that crazy game is a sucker.

Then there is the nice, mild game of wrestling. Last year "Big" Munn took Strangler Lewis, the heavyweight champion, picked him up and threw him bodily out of the ring. The Strangler escaped luckily without a broken back.

A few nights ago Ivan Poddubny, giant Russian, picked Wladek Zbyszko, a 200-pounder, up in his arms and slammed him on the floor with such violence that Zbyszko was not revived for more than 30 minutes.

The wrestling bouts probably will be packed, as a result, until Poddubny quits putting the shot with his opponents or until some one comes along and knocks down a few buildings with Puddubny.

There also is the mild, sweet game of lacrosse, a pastime in which clubs may be wrapped around the neck of any poor bird in front of it.

In one big eastern institution hazing was strictly prohibited several years ago. Now a fresh student, who seems to need discipline is ordered to report to the lacrosse squad and help scrimmage the varsity.

Boxers are given more protection than the athletes in any other sport where physical contact is necessary. The boxer can be hit only in certain places. He can't be struck when he is down. He gets treatment and a one minute rest in every three minutes. He has a referee right at his side to see that the rules are observed and he wins if they aren't.

In protesting some time ago against the avaricious methods of boxing managers when they were talking business with him, Tex Rickard said he couldn't fathom the business workings of their minds.

"They will go to some of the smaller clubs and take a hard match for a few hundred dollars and they want thousands for fighting in the Garden against set-ups," he pointed out.

Rickard says that he offered Harry Wills, negro heavyweight, \$150,000 last summer to meet Gene Tunney and promised him a bout with Jack Dempsey if he defeated Tunney.

"He turned me flat. Wouldn't even listen to me," Rickard said. "He walked right out of the office and accepted a match against Floyd Johnson in Newark for \$7,000. It was a bad fight and it is impossible to compute the real financial loss resulting from the prestige dropped in that fight. It is quite possible that it cost him a chance against Dempsey in a world's championship fight."

Fighters, as a matter of fact, should be willing to cut their prices for Rickard because of the tremendous overhead expense he has in operating his Garden and it was Rickard and his willingness to take chances that put boxing over in New York.

RAINBOWS SEEK WIN OVER PINE RIVER TOMORROW

TEAM SET TO REDEEM SELVES FOR POOR GAME AGAINST BLACKHAWKS

PINE RIVER PIRATES HAVE A STRONG LINE-UP WITH HARBO AT CENTER

The Rainbows basketball team will go on the floor tomorrow night in a big endeavor to redeem themselves in the eyes of the local fans when they line up against the Pine River Pirates in the last game before starting on their trip to Duluth and surrounding territory.

With all men primed for the fight, and a bad game against Little Falls off their chests, the Rainbows are set to repeat their good work in the Duluth game. If the team can play a brand of ball again tomorrow night similar to that game, there need be no fear of the result.

The Pirates from Pine River have an enviable record, both of hard basketball playing and of clean sportsmanship. In Harbo, their center, they have a man much feared in these circles. Robideau, captain of last year's high school team, district champions, plays at forward. He was chosen forward and captain of The Dispatch all-district team last year. Christian, another member of the championship team, plays guard. Cox and Jones, of other years, play the other positions.

In the first game with the Pirates this year, the Rainbows had to be satisfied with the diminutive end of a 23-11 score, but the team has been strengthened considerably since then.

Next week the Rainbows go afield for further conquests. They play Wright on Thursday night, and engage the French Athletic Club at Duluth on Friday night. Manager Peterson is negotiating for a game with either Superior or Two Harbors for Saturday night, to make a three game tour.

Honor Belongs to Morris

Robert Morris was America's first financier. In May, 1781, Morris presented to congress the plan for the Bank of North America, the first bank for general purposes in the United States. The financial operations incident to the achievement of independence during the Revolutionary war were chiefly carried on by Robert Morris.

His name is so familiar to the people of this country that it is almost impossible to find a man who has not heard of him. He was a man of great energy and ability, and he was a man who was not afraid to take risks. He was a man who was not afraid to stand up for his principles, and he was a man who was not afraid to die for his country.

Girl Is Champion

Miss Katherine Nuckolls, recently elected the most beautiful girl at the University of Alabama, holds the target shooting record at the college, is the captain of the basket ball team and holds several medals for swimming.

Regards College Sports Most Powerful Factors

Dr. John Grier Hibben, president of Princeton university, announces himself as a firm believer in football and other competitive college sports as powerful factors in turning out college young men capably fitted to battle with the problems of life. He said this much, and something more, in the course of a recent address before the Princeton club of St. Louis, says the St. Louis Globe-Democrat. It is Doctor Hibben's opinion that the popularity of football in this country is already extending to Europe. His statement that the bullfighter in Spain is fading before the gridiron star is no longer news, but it is novel to hear the information given to him "by a keen observer that the hope of Greece today, and the hope of founding a stable government in that country, is in her young men," and that, for that reason, "they are taking to the competitive sports keenly." This, after all, is merely to say that Greece is trying to recover its past glory, for it was in Greece that athletic games had their first flowering many centuries ago.

The Upkeep

Medical science may add 20 years to the average life, it is announced. It should also do something about adding to its income so it will be in a position to enjoy those added years.—Cincinnati Enquirer.

Working for Prosperity

Every condition, financial and other, make prosperity possible. Conditions are in a measure shaped by each and every one of us, hence should be continued by every effort on our part. This much we owe to ourselves.—Grit.

METHODIST AND NORW. DANISH TEAMS VICTORS

EVANGELICALS, MINUS PURDY, FALL BEFORE METHODISTS, 22 TO 9

SATRE LEADS NORWEGIAN-DANISH TEAM TO WIN OVER BAPTISTS

The Methodist and Norwegian-Danish teams came through with victories in their game last night, both by decisive scores. The Methodist win was at the expense of the Evangelicals, who were leading the league up to last night. This game ended 22-9.

The Norwegian-Danish team defeated the First Baptist team by a 29-11 score. They now lead the league with two victories and no defeats.

Purdy was missing from the Evangelical line-up when they took the floor against the Methodist crew. The star center is out, perhaps for the rest of the season, with an infection. Without him the team seemed lost. The team fought hard, however, and gave a strong account of themselves despite this handicap. Stanley made two goals and Marshall one. Englehart, at forward, made one goal.

Hautala was the high point man for the winners. He finally came to the fore-front, as his followers had expected him to do soon, and made five field goals. Ray Anderson made three and Guin two. Guin played his usual strong floor game.

Methodists pos. Evangelicals
Ray Anderson rf. Englehart
Hautala lf. Hanson
Guin c. Swearingen
Ralph Anderson rg. Marshall
Foster lg. Stanley

Field goals—Ray Anderson 3, Hautala 5, Guin 2, Englehart 1, Marshall 1, Stanley 2.

Free throws—Guin 2, Swearingen 1.

Norwegian-Danish Win 29-11

Carl Satre with six field goals led the slaughter of the First Baptists in a one-sided game 29-11. Satre played a fine game, as did Lawrenz. The latter made four goals, and Swanson 2.

Storm played a fine game for the Baptists, going all over the floor and displaying a remarkable skill in the face of strong opposition. He made three field goals and three free throws, scoring nine of the eleven points made by the Baptists.

First Baptists pos. Norw.-Danish
Lewis rf. Swanson
Storm lf. Lawrenz
Barnes c. Satre
M. Schubert rg. Larson
C. Schubert lg. Viken

Field goals—Storm 3, Swanson 2, Lawrenz 4, Satre 6.

Free throws—Storm 3, Barnes 2, Lawrenz 4, Satre 1.

Peterson refereed both games. Tonight the Evangelical and Presbyterian Juniors play in the only game of the evening, at 7 o'clock.

Sporting Squibs

The Daily Princetonian suggests that to deflate the exaggerated emphasis on college football, "the first game of the season be eliminated." Ah, yes—now to find a way to have a season without having a first game.

Two scouts have been added to the New York Yankees' roster, Ed Herr and "Vinegar Bill" Essick, the latter former manager of the Vernon club on the Pacific coast. The Yankees now have nine scouts and coaches.

William T. Tilden II, national tennis champion, and Vincent Richards will enter the indoor title play this season if Jean Borotra of France appears to defend his title which he won in New York last season.

"Bill" Roper, Tiger football coach, will remain at Princeton again next season, despite his announced intention to retire after developing a championship team. Roper had decided to quit after Princeton beat both Yale and Harvard this year, but he agreed to pilot the Tigers another year when pressed by alumni at a dinner given him at the Princeton club.

"Babe" Adams, dean of pitchers in the National league, holds one record which is the best of its kind in any league. July 17, 1914, was the date on which that memorable 21-inning game took place between Pittsburgh and New York teams, with Adams and Marquard doing the pitching. Both stuck the entire route. While losing the contest, Adams didn't issue a pass, make a wild pitch or hit a batsman.

Water Not Fattening

Water is not fattening, neither does it influence digestion or other bodily processes so as to govern obesity. Prohibition of water is effective only as an indirect means of making a person eat less food. Many people are surprised to learn that the current ideas about water are a mere superstition and that they may drink all the water they please while reducing.

MRS. JOHN MUTCH PASSED AWAY

Resident of City Many Years,
Succumbed to
Cancer

LEAVES HUSBAND AND SON

Funeral Arrangements Are to be
Announced
Later

Mrs. John R. Mutch passed away this morning at 8:40 o'clock at her home at 618 Fifth street south, death resulting from carcinoma. Her end came peacefully with members of her family at her bedside.

Surviving her are her husband and one son, George Lucas, who lives at 421 South Broadway. Mrs. Mutch was an old resident of this city, having lived here about thirty years.

The funeral will be announced later, plans not having yet been made. Friends are requested not to send flowers.

TWO FILE FOR OFFICE

P. J. Long And Fred J. Reid Only
Candidates to File to
Date

Filings for county offices to date show two candidates in the lists. P. J. Long has filed to succeed himself as representative for Crow Wing county and Fred J. Reid has entered his name as candidate for re-election to the office of sheriff.

While there still is plenty of time before filing date closes, it appears that some candidates believe in an early start. All county offices will be voted on at the primary election, on Monday, June 21, except judge of probate and two county commissioners.

Commissioners of districts 2 and 4 will be contested for this year. In district 2, Frank Lowrey's term expires, and in the 4th district A. Frank Anderson who was elected to fill the unexpired term of W. H. Andrews, ends his term.

DAY OF PRAYER SERVICE

To be Held at Zion Evangelical
Church, N. E. Brainerd,
Sunday Evening

A "Day of Prayer Service" is to be held in the Zion Evangelical church, N. E. Brainerd on Sunday evening, Feb. 7, at 8 o'clock.

The greater part of this service is given to prayer for ourselves, our missionaries and mission projects at home and in foreign lands. These earnest prayers are interspersed with missionary hymns, hymns of consecration and intercession.

A "Day of Prayer" offering is to be taken and those having the "Self-Denial Week" offering envelopes will present their offering at this service. The proceeds will be used this year to further the home missionary projects by adding the work among Italians at Racine, Wis., also the mountaineer work in S. E. Kentucky.

E. F. GATES STARTS SALE

Will Continue Two Weeks to Clear
Store For Spring
Stock

The E. F. Gates store, recently the H. F. Michael Co., will open its doors again tomorrow for the clean-up sale, in preparation for the coming of the new fixtures from Beloit, Wis., where Mr. Gates formerly conducted his business, and to get ready for the spring stock. Mr. Gates states that he wishes to sell out everything possible, so there will be no carry-over.

The sale will continue two weeks, closing again on the 20th of this month and remaining closed until the 10th of March. During that interval, the alterations will be made, and the store completely refurnished.

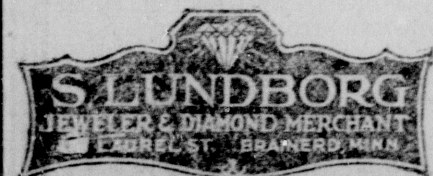

Mrs. Gates left today for Beloit, to close out the business there. The store at Beloit is being discontinued, and all fixtures removed here.

METHODISTS HOLD CONFERENCE HERE

Dr. A. H. McKee, District Superin-
tendent, Meets With
Ministers

SEVEN PASTORS ATTEND

Meeting Held Thursday at New
Brainerd Hotel, Important
Topics Discussed

The Methodist ministers of the southwest corner of this district met for consultation yesterday with Dr. A. H. McKee, district superintendent, the meeting being held at the New Brainerd hotel. Those who attended the meeting were Rev. H. E. Young, of Aitkin, Rev. James E. Dowler, of Crosby, Rev. Lorenzo Johnston, of Deerwood, Rev. LeRoy Thomas, of Pine River, Rev. E. A. Gooke, and Rev. Morris L. Eversz, of Brainerd, and Rev. James Standing, of Motley.

Matters pertaining to the Retired Ministers' Pension fund, returned missionary visitations in the district, and evangelism, were the chief topics of discussion.

Mrs. McKee also accompanied her husband, and met the ladies of the Methodist church in missionary consultation.

D. A. PETERSON VISITS HERE

Former Brainerd Resident And Chief
Game Warden Passes Through
City

D. A. Peterson, former resident of this city, passed through here on his way to Cross Lake, where he has some land. He lives at St. Paul, and has a grocery store on Rice street, north of the State Capitol.

Mr. Peterson was formerly with the state game and fish department, being chief game warden. Eugene, his youngest son, is with the Northern Pacific engineers, surveying in Idaho. His other son, Jewett, is with Foley Bros., in Florida, and has charge of 250 men in a construction crew.

Entertains Past Noble Grands
On Thursday afternoon, Mrs. S. A. Lindberg entertained the Past Noble Grands of the Rebekah lodge. After the business meeting, the afternoon was spent in sewing and games. Later the hostess served a delicious luncheon. The ladies voted Mrs. Lindberg a very capable entertainer.

Birthday Party

Fred Engstrom was pleasantly surprised on Thursday evening by a host of friends, the occasion being his birthday. The evening was spent in music and playing 500, after which a delicious luncheon was served. Mr. Engstrom was presented with a purse of money.

WOODHEAD PLANT REPORTED SOLD

Local Ford Company Taken Over by
Waseca Man According
to Rumor

REPORT NOT CONFIRMED

Mr. Woodhead in Minneapolis Today
And Could Not be
Reached

Rumor persists about town today that the Woodhead Motor Company, local dealers for the Ford Motor company, has been sold. John F. Woodhead, owner, is in the cities, and the report could not be confirmed. The report is that the firm has been taken over by a man from Waseca.

If the report is true, Brainerd will lose one of its most prominent business men, as Mr. Woodhead has become one of the foremost in the city. He began business about ten years ago, first in the Bane block moving to his present location about five years ago.

Mr. Woodhead has gained prominence as an inventor, having to his credit the Twin-Twister carburetor control and a Ford dash gasoline gauge, which latter was recently put on the market. He has been active in civic affairs. At present he is the president of the Brainerd Rotary club.

Rummage Sale

The ladies aid of the Bethlehem Lutheran church will hold a rummage sale at the B. L. Mathiesen shoe store, corner Front and Seventh street, tomorrow, Saturday, Feb. 6.

ANNUAL BALL OF THE WAMPAS IS CELEBRATED

FILM DOM THEN PAYS RESPECTS
TO LATE BARBARA
LA MARR

RESTED ON A GOLDEN VELVET
BIER, FLOWERS WERE
BANKED ABOUT HER

By LINCOLN QUARBERG
(United Press Staff Correspondent)
Hollywood, Calif., Feb. 5. — All night long Hollywood's film colony danced and made merry at the annual ball of the Wampas—the press agents, who make stars by their tricks of their artistry.

Then with hardly more than time to exchange the usual greetings for the black of mourning, filmdom made a final pilgrimage to the bier of Barbara La Marr and saw the "girl, who was too beautiful to live," buried in the shadow of the studios.

Few evenings of such gaiety have been seen as was that at the Wampas ball and few such solemn tributes have been paid here as was that given at the funeral of Miss La Marr, who died last Saturday when her career was still at its height.

Friends from the studios so crowded the little chapel that there was no room for the general public—those who had admired Miss La Marr not in the flesh but as a shadow on the screen.

Miss La Marr rested on a golden, velvet bier, while flowers were banked high. In her hand was a single red rose from a little girl admirer and with it a note which read:

"To my beautiful Lady Barbara, whom I longed to meet. May my life be as lovely and unselfish as yours."

On her breast were orchids from Mary Pickford and Douglas Fairbanks.

The funeral services were brief and simple, as had been planned by Miss La Marr before she died.

Then, through streets, where police traffic officers were on duty, the cortege passed to the Hollywood mausoleum and Miss La Marr was finally laid to rest.

Bert Lytell, Alfred Green, Tom Galloway, Henry Hathaway and Victor R. B. Knickerbocker, all of Hollywood's film colony, acted as pallbearers.

With them were Paul Bern, John McCormack, Colleen Moore, Zasu Pitts, Bessie Love, Gladys Brooklin, Blanche Sweet, Gloria Swanson and Claire Windsor as honorary pallbearers.

TOO MANY ARE IN THE RETAIL BUSINESS, STATED

EDWARD M. SKINNER ADDRESS-
ES MERCHANT GROUP IN
CHICAGO

"AMERICA IS PAYING TOO MUCH
FOR CLERK
HIRE"

Chicago, Feb. 5. — (UP) — Too many citizens are trying to make a living in the retail business and the present ratio of one store for every 20 people is entirely too high, Edward M. Skinner, vice president of a Chicago firm, told 1,300 merchants gathered here for the semi-annual convention of the Interstate Merchants Council.

"America is paying too much clerk hire," he said. "For each three farmers in the U. S. who raise grain, vegetables or meats, there is one retail clerk to make the sale. For every 14 workmen in factories there is one clerk waiting to give service."

Skinner pointed out the great loss to the retailer that the mail order house, the chain store and the house to house canvasser have already caused.

The one store out of 20 that is going to last is the store that makes the quickest turnover," he said.

Got Back at Critic

An actor, who had been persistently ridiculed by a newspaper dramatic critic, met the critic at a social function. "Do you read my criticisms?" the writer ventured to ask. "Yes," replied the actor. "You see I am a late riser, and when I buy my paper yours is usually the one left on the news stand."

CITATION FOR HEARING ON FINAL ACCOUNT AND FOR DISTRIBUTION

No. 2209
State of Minnesota, County of Crow Wing ss., In Probate Court.

In the Matter of the Estate of Catherine Nolan, Decedent.
The State of Minnesota to all persons interested in the final account and distribution of the estate of said decedent: The representative of the above named decedent, having filed in this Court his final account of the administration of the estate of said decedent, together with his petition praying for the adjustment and allowance of said final account and for distribution of the residue of said estate to the person thereunto entitled. Therefore, you, and each of you, are hereby cited and required to show cause, if any you have, before this Court at the Probate Court Rooms in the Court House in the City of Brainerd, in the County of Crow Wing, State of Minnesota, on the 8th day of March, 1926, at ten o'clock A. M., why said petition should not be granted. Witness, The Judge of said Court, and the Seal of said Court, this 3rd day of February, 1926.

L. B. KINDER,
Judge of Probate.
E. R. SMITH, Brainerd, Minn.,
Attorney for Petitioner. 208(3-Pr)

FLAXSEED—No. 1, \$2.44½@2.47½; No. 1, to arrive, \$2.44½.

STOCKS SHOW GAINS
New York, Feb. 4. — (UP) — Upward tendencies were well maintained in the early stages of today's session and further gains were scored by representative stocks throughout the list.

Rails developed increasing activity, good sized advances occurring in C. & O., St. Louis, Southwestern, New York Central and B. & O.

Standard leaders of the industrial class continued to display indications of strength underlying support which caused a further retreat of the shorts.

General Electric, Hudson, Allied Chemical, Dupont and Fisher Bodies made new highs. Toward the close, however, heavy profit taking set in for the account of operators desiring to even up their accounts over the week end and selling of this character created a general reactionary tone throughout the last hour.

The market closed irregular.

ATTY. GEN. SARGENT

EXTENDS GAG RULE

Washington, Feb. 5. — (UP) — Attorney General Sargent today extended his "gag rule" to United States district attorneys and United States marshals.

Letters were sent out, instructing justice department officials in the field to cite their cases in court and not through newspapers. The rule against publicity has been in effect at the justice department for some time.

Under the present plan any information regarding the legal machinery of the government must be given out personally by Sargent.

Ronald Colman and Vilma Banky in "The Dark Angel"

Can you imagine the emotions of a man being made love to by beautiful Vilma Banky, and also by Belle Bennett?

And can you guess the state of mind of said man when possibly he is a blind veteran in the morning, a civilian lover in the afternoon and a man-about-town in the evening?

This chaotic state of emporata was brought about recently by the fact that Ronald Colman, the screen's "perfect lover," was playing

the leading roles in two pictures simultaneously. He portrayed the role of Hilary Trent in "The Dark Angel," and also that of Stephen Dallas in "Stella Dallas."

The schedule for the two productions was so arranged and dovetailed that no complications ensued, but Ronald admits that his time for golf was limited.

First National will show "The Dark Angel" at the Park theatre to night, also Saturday and Sunday.

8 DEAD AND 11 HURT IN FALL OF FOUNDRY ROOF

4 INVESTIGATIONS INTO CRASH
CONDUCTED AT NEW BRIT-
AIN, CONN.

ROOF OF BUILDING COLLAPSED
BECAUSE OF WEIGHT OF
SNOW

New Britain, Conn., Feb. 5. — (UP) — Crushed in the ruins when the roof of the foundry of the North & Judd Manufacturing Company collapsed from the weight of snow on it, eight men are dead today, 11 in the New Britain general hospital, several seriously injured and one critically injured.

One other workman who was in the building at the time of the crash and who had been reported missing was found early today assisting rescuers who had dug through the night searching for him. Police, fire and company officials said today they did not believe anyone else was in the ruins of the building.

Four separate investigations into the crash were started today.

HEDDA HOYT TALKS ABOUT
THINGS THAT INTEREST THE
BUSY WOMAN OF 1926

FLAPPERS

New York, Feb. 5. — (UP) — The Parisian flapper out-flaps the American flapper in some ways. In contrasting the two we feel inclined to present the flexible shoe-horn to the American girl. However, each has her points.

We are not referring to the high type of school girl or to the hard-working little business girl of either country, but to the fly-by-nights who, in fashionable clothes, frequent the cabarets and dancing places—accompanied only by male escorts. There are hundreds of these smartly dressed young girls in Paris and New York.

The Parisian flapper may be any age. Her dancing frocks are knee-length with flowing hemlines and very low as to décolleté with backs displayed through jeweled strap-works. Legs are encased in costly hose, often chiffon studded in brilliants and shoes have diamante heels when they are not entirely studded in these jewels. Gesticulating hands and arms wear near-precious jewels. Lips and eyes are over-poweringly made up. The girl herself? She's wistful, smiles little, has poise to the nth degree. A gorgeous person who realizes her power and demands her due praise. She chooses her wine rather than drink from a boy friend's flask. She knows what she wants and gets it or knows why.

The New York girl—and whether she comes from Colorado or Maine it's all the same when she's in New York—is a boyish creature with slim lines, and with a sleek haircut who likes to believe she's a regular demon but isn't quite sure of the fact. Gloria Swanson or May Murray are her ideals in appearance though she often falls short of them herself. She giggles, flirts, does the Charleston and tries to act "ritzy" occasionally. Likes ice cream much better than the stuff in flasks but wouldn't admit it for worlds. Her skirts are short and her stockings have the cotton top rolled under. If she wears jewelry it's probably some wee stone her boy friend has given her—instead of fake jewels. She's trying to find herself since she does not already know herself as does her French sister. From flapperhood she may blossom out into staid wifehood, choosing one of the boys who does the Charleston niftily. Few of her type will become forty-year-old fashion plates.

Truth and Pretence

Truth is strengthened by observation and time; pretences by haste and uncertainty.—Tacitus.

ARRESTED UNDER STATUTE THAT IS 229 YEARS OLD

HENRY BIMBA, COMMUNIST EDI-
TOR, VOICED DISBELIEF IN
GOD

HAD ADDRESSED MEMBERS OF 5
LITHUANIAN SO-
CITIES

By HENRY MINOTT
(United Press Staff Correspondent)
Brocton, Mass., Feb. 5. — A 229 old puritanical blue law, which is said not to have been enforced since the days when witchcraft was in flower, will follow the basis of the trial here of Henry Bimba, Brooklyn, N. Y., editor of the communist newspaper Freedom.

Until Bimba was arrested Massachusetts folks did not know it was a crime to voice one's disbelief in God. The Brooklyn editor had addressed members of five Lithuanian societies here on Jan. 29. His audiences resented many of his remarks and reported the matter to the police.

At first it seemed that nothing could be done about it. But the Lithuanians, led by Edward Aducia, finally found in the general laws of the commonwealth, the long forgotten blasphemy statute. Bimba was arrested on this statute under \$15,000 bonds for trial.

The American Civil Liberties Union and the Industrial Defense Council both have promised Bimba their support and announced they will make his trial a test case.

Just what Bimba said during his address in violation of the blue law is not known. He is silent and the complainants said today they would make all their statements in the court room.

Juggernaut Ethics

Too much of the world is run on the theory that you don't need road manners if you are a five-ton truck.—El Paso Herald.

PAIN, NEURITIS, RHEUMATISM

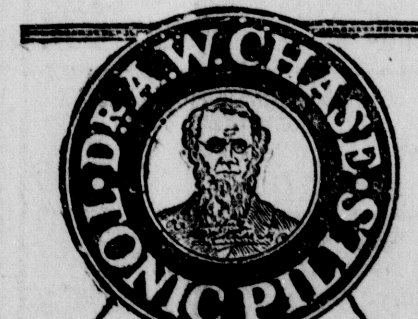

"Heet" Relieves Instantly

With applicator attached to cork, just brush "Heet" over the pain area, whether in elbows, arms, shoulders, feet, knees, legs, back, neck or body. Instantly, you feel this harmless, glorious, penetrating heat draw the pain, soreness and stiffness right out of the aching or swollen joint, muscle or nerve. Besides, "Heet" scatters the congestion and establishes a cure.

"Heet" contains two soothing, penetrating ingredients, too expensive to use in ordinary liniments or analgesics. "Heet" is a clean, pleasant liquid; doesn't stain, blister or irritate the skin and costs only 60 cents at any drug store.

One thin woman gained 15 pounds in six weeks. Be sure and ask for McCoy's, the original and genuine Cod Liver Oil Compound Tablets—60 Tablets—60 cents.

Tonic Pills

Success and Good Health go hand in hand.

Do YOU need Dr. A.W. Chase Tonic Pills?

Thousands of people owe success in business and happy home lives to DR. A.W. CHASE TONIC PILLS

Read what this great Tonic and Blood Purifier has done for others. Mr. Abraham Arnold, Campbell, N.Y., R. F. D. No. 2, says:

"I have used Dr. A.W. Chase Tonic Pills many years for Heart Trouble, Dizziness, Nerves and Rheumatism. I was taken with Rheumatism two years ago and had to use two canes to get around. I sent for two boxes of Dr. A.W. Chase Tonic Pills, before I used them on I was alright. I think what Dr. A.W. Chase Tonic Pills have done for me they will surely do for others."

WANTED—Old fiddlers. See manager, Lyceum theatre. 4950-20316

WOMEN—Earn big money making bungalow aprons at home during spare time. Enclose addressed stamped envelope for particulars. Rosemary Apron Co., Asbury Park, N. J. 4981-2082ftu

A MAN with a little sales and mechanical ability, not afraid of 8 hours' work. Man with car preferred. Call at Brainerd Electric Co., from 4 to 6 o'clock, ask for Mr. Brunswick. 4972-20515

TWELVE MEN

Who like electrical work will be given an unusual opportunity. Must be over 21 years of age and now employed in some legitimate work in Brainerd or surrounding towns. The electrical field has hardly been scratched and in view of the rapid changes now taking place and new discoveries being made, a man must be thoroughly trained in fundamental electrical principles if he expects to be anything more than a common laborer in the electrical field.

The 12 men selected will be educated at home by the new, practical job method, in actual work, while still retaining their present positions. They will be given an absolute guarantee, both as to position and definite salary, within a specified time or an immediate refund of the small amount charged for their education, at the expiration of that time. Applicants must have had seventh grade schooling and must be able to give two character references.

If your wishbone has not switched places with your backbone, and if you DO realize the absolute necessity and value of a practical education, then write immediately for full information. Address 820 Dispatch. 4980-20813
